Our fellow Americans,

On October 2nd, 2020 the Michigan Supreme Court validated that all executive orders created, promulgated and enforced by Governor Gretchen Whitmer and her administration, after April 30th, 2020, were unconstitutional and invalid.

The court's opinion took effect immediately.

Governor Gretchen Whitmer then committed a federal felony making the false, fraudulent statement and representation, violating; 18 USC 1001:

"It is important to note that this ruling does not take effect for at least 21 days, and until then, my emergency declaration and orders retain the force of law," Whitmer said in a statement.

"Furthermore, after 21 days, many of the responsive measures I have put in place to control the spread of the virus will continue under alternative sources of authority that were not at issue in today's ruling."

For the safety of our Republic, justice across America, and in Michigan, to safeguard our US Constitution, the American Patriot Council encourages and expects you to promptly bring justice to Michigan and indict Governor Gretchen Whitmer for her continued federal felony violations.

You have strong public support from lawful citizens.
